## Master's degree Urban Planning and Development Urban Planning and International Expertise

École d'Urbanisme de Paris (EUP)

Master's degree M2

**TO GET THERE**

M1 level (or equivalent). General knowledge of urban issues is required, as well as a good level in English (equivalent to Cambridge English Certificate - C1 level).

**ACQUIRED SKILLS**

Knowledge and practice of urban policies and planning in European countries. Produce urban analysis and issue recommendations for international urban areas. Analysis and comparison of diverse urban systems, understanding of development, management, steering and assessment of projects funded by international or European funds. Communicate and work in an English-speaking environment and an international context.

**YOUR FUTURE CAREER**

All types of jobs in urban planning, such as project management, design, management of surveying and analysis, mediation, etc. The programme offers specific opportunities at the national and international level, in European countries, international institutions and even emerging countries.

**BENEFITS OF THE PROGRAM**

The programme is characterised by classes entirely taught in English, and close collaboration with foreign universities, institutions and international agencies.
