ENTRY REQUIREMENTS

Open to candidates holding a certification of 2 years' higher education, especially in the fields of law or management, or a two-years' technical degree in Business and Public Administration Management or Marketing Methods or Real Estate.

ACQUIRED SKILLS

The main goal is to meet the demands of real-estate professionals in terms of real estate law, negotiation techniques, real estate management, building techniques, and to offer them operational staff in the short-term. Students holding a certification of 2-years' higher education will also be taught the skills needed to work in the field of real-estate.

The graduates will also have the opportunity to get the professional card necessary to found a real-estate agency, a real-estate firm or co-ownership agency.

YOUR FUTURE CAREER

Our Real Estate Law and Management curriculum aims at facilitating the young graduates' professional integration. However the students may also enroll in a master's degree if that opportunity is consistent with their professional project.

BENEFITS OF THE PROGRAM

The teaching staff, mainly composed of real estate professionals.

The achievement of a group project on urban planning, more precisely a survey about some local areas' redevelopment.
