MASTER (EN) M1

ENTRY REQUIREMENTS

Students who have obtained 180 ECTS credits (Bachelor's degree or equivalent) are able to access the first year of the Master's degree. The training program takes the form of a sandwich course regardless of student status. 3 statuses are accepted: apprenticeship / continuing training and professionalisation contract / initial training (sandwich placement). There are two stages to the selection process: a preliminary selection based on applications, then an admission interview after which a selection board announces whether or not the pre-selected candidates have been admitted.

ACQUIRED SKILLS

The Master 1 skills are divided into 3 blocks containing several subjects: - basic or theoretical knowledge about the political, economic, social and legal environment. - management tools for auditing, quality and project management. - basic tools: IT, statistics and English. The targeted skills are designed to meet the management skills required by future directors. Students can choose between two options: health or social welfare.

YOUR FUTURE CAREER

At the end of the first year of the Master's, the training program offers 3 M2 pathways: Pathway 1: Social and Solidarity Integration and Entrepreneurship Pathway 2: Social Protection Engineering and Mutuals Pathway 3: Health, Healthcare and Social Welfare and Health Pathways

BENEFITS OF THE PROGRAM

The training program accepts a maximum of 30 students per year. Over half of the Master 1 contributors are professionals from the health and social welfare sector.
